

**Latest VAT Re-review Findings**

By reviewing the exact time periods and types of VAT as our main competitor, we produce substantial additional results.

The following table represents just eight of the latest contracted-out services (“COS”) VAT re-reviews which we have completed for the first nine months of 2009/10 (April to December) where the previous adviser had already carried out their VAT review.

On average, we have identified £140,000 more VAT recovery than the previous adviser.

Don't forget that there is an annual deadline of the end of June 2010 to make sure that any COS VAT for the 2009/10 year is claimed, so please contact us as soon as possible in order to arrange a re-review.
